

<<First Name>>

The winter months have passed, and with that comes the completion of all of the group mission trips to partner with Oc3an View Ministry in serving the people of Puerto Peñasco.

The last two trips were with combined teams, the first including two groups from Colorado: the Christian Church of Broomfield and Boulder Valley Christian Church who traveled down in mid-March.

In 3 ½ days they built a beautiful double wide home for Alejandra Adilene and her two sons Jason and Jordon. In addition to that

Just after the Colorado crew, our second group, including [Mountain View Presbyterian Church](#) of Scottsdale and [Community of Hope Church](#) from Maricopa made their way to Puerto Peñasco.

Their work included framing and completing a bathroom, and then completing the drywall on two different homes. In addition to the builds, the teams were able to pass out clothing and hygiene bags to many in the community.

Even though groups are done for the season, nothing slows down at the Distribution Center. Every week, 10-15 teams are accessing the batting cage, families are hosting fiestas (Birthday Parties), and the Segunda is open for business.

Improvements continue to be made with a dugout being built by the batting cage for safety and an infield has been created for practicing fielding ground balls. Come on down and work on your skills.
